## REPORT OF THE INDEPENDENT AUDITOR TO THE MEMBERS OF CENTRE OF HOPE

We have audited the annual financial statements of the Centre of Hope which comprise the balance sheet as at 31 October 2007, the income statement, the statement of changes in equity, the cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

### Management's' Responsibility for the Financial Statements

The entity's management are responsible for the preparation and fair presentation of these financial statements in accordance with South African Statements of Generally Accepted Accounting Practice. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Qualification

In common with similar organizations, it is not feasible for the organization to institute accounting controls over cash collections from donations prior to initial entry of the collections in the accounting records. Accordingly it was impractical for us to extend our examination beyond receipts actually reported.

A member firm of Morison International

Partners: Aaron Mthimunye, Andrew Maralack, Andrew Mashifane, Anoosh Rooplal, Charmaine Jugnarayan, Dirk Steyn, Hale Qangule, Johann Strauss, Luthando Saunders, Luyanda Dudumashe, Natalie Arendse, Rakesh Bhika, Siphon Sono, Suleman Lockhat, Tapiwa Njikizana, Theodore Josias, Victor Sekese (CEO), Zahceda Bashir

## Opinion

In our opinion, except for the effect on the financial statements of the matter referred to in the preceding paragraph, the financial statements fairly present, in all material respects, the financial position of the organization as at 31 October 2007 and of its financial performance and its cash flows for the year then ended in accordance with South African Statements of Generally Accepted Accounting Practice.

## Supplementary Schedule

We draw attention to the fact that the supplementary information set out on pages 13 and 14 does not form part of the annual financial statements and is presented as additional information. We have not audited this schedule and accordingly we do not express an opinion on it.

### Directors' Responsibilities and Approval

The entity's management are required to maintain adequate accounting records and are responsible for the content and integrity of the financial statements and related financial information included in this report. It is their responsibility to ensure that the financial statements fairly present the state of affairs of the entity as at the end of the financial year and the results of its operations and cash flows for the period then ended, in conformity with South African Statements of Generally Accepted Accounting Practice. The external auditors are engaged to express an independent opinion on the financial statements.

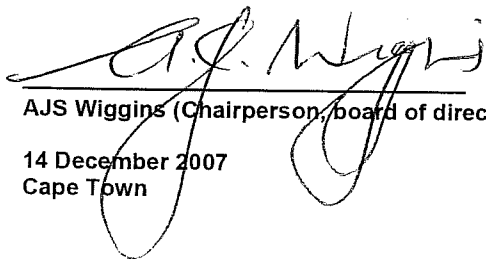

The financial statements are prepared in accordance with South African Statements of Generally Accepted Accounting Practice and are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgments and estimates.

Management acknowledge that they are ultimately responsible for the system of internal financial control established by the entity and place considerable importance on maintaining a strong control environment. To enable the management to meet these responsibilities, the board of directors sets standards for internal control aimed at reducing the risk of error or loss in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the entity and all employees are required to maintain the highest ethical standards in ensuring the entity's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the organisation is on identifying, assessing, managing and monitoring all known forms of risk across the organisation. While operating risk cannot be fully eliminated, the entity endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

Management are of the opinion that the system of internal control provides reasonable assurance that the financial records and may be relied on for the preparation of the financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

Although the board of directors are primarily responsible for the financial affairs of the entity, they are supported by the external auditors.

The external auditors are responsible for independently reviewing and reporting on the financial statements. The financial statements have been examined by the external auditors and their report is presented on pages 3 and 4.

## Directors' Report

---

The directors submit their report for the year ended October 31, 2007.

### 1. Review of activities

#### Main business and operations

The entity is a non profit organisation and operates principally in South Africa.

The operating results and state of affairs of the entity are fully set out in the attached financial statements and do not in our opinion require any further comment.

Net profit of the company was R 214,136 (2006: profit R 15,595).

### 2. Going concern

The financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

The ability of the entity to continue as a going concern is dependent on a number of factors. The most significant of these is that the directors continue to procure funding for the ongoing operations for the entity.

### 3. Post balance sheet events

The directors are not aware of any matter or circumstance arising since the end of the financial year.

### 4. Directors

The directors of the company during the year and to the date of this report are as follows:

<b>Name</b>	<b>Nationality</b>
AJS Wiggins (Chairperson, board of directors)	South African
E Arendse	South African
ACJ Lategan	South African
MA le Fleur	South African

## Accounting Policies

---

### 1. Presentation of Financial Statements

The financial statements have been prepared in accordance with South African Statements of Generally Accepted Accounting Practice. The financial statements have been prepared on the historical cost basis, and incorporate the principal accounting policies set out below.

These accounting policies are consistent with the previous period.

#### 1.1 Financial instruments

##### Initial recognition

The entity classifies financial instruments, or their component parts, on initial recognition as a financial asset, a financial liability or an equity instrument in accordance with the substance of the contractual arrangement.

Financial assets and financial liabilities are recognised on the entity's balance sheet when the entity becomes party to the contractual provisions of the instrument.

##### Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value. These are initially and subsequently recorded at fair value.

#### 1.2 Government grants

Government grants are recognised when there is reasonable assurance that:

- the company will comply with the conditions attaching to them; and
- the grants will be received.

Government grants are recognised as income over the periods necessary to match them with the related costs that they are intended to compensate.

A government grant that becomes receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs is recognised as income of the period in which it becomes receivable.

Government grants related to assets, including non-monetary grants at fair value, are presented in the balance sheet by setting up the grant as deferred income or by deducting the grant in arriving at the carrying amount of the asset.

Grants related to income are presented as a credit in the income statement (separately).

Repayment of a grant related to income is applied first against any un-amortised deferred credit set up in respect of the grant. To the extent that the repayment exceeds any such deferred credit, or where no deferred credit exists, the repayment is recognised immediately as an expense.

Repayment of a grant related to an asset is recorded by increasing the carrying amount of the asset or reducing the deferred income balance by the amount repayable. The cumulative additional depreciation that would have been recognised to date as an expense in the absence of the grant is recognised immediately as an expense.

#### 1.3 Borrowing costs

Borrowing costs are recognised as an expense in the period in which they are incurred.
